

Making a SEPA Bank Transfer to CPTI

Send your payment by bank transfer to CPTI in England. By using the SEPA facility (Single European Payment Area, which includes all 27 countries of the European Union plus Norway, Iceland, Switzerland, and Liechtenstein), the cost is the same as for a transfer made within the boundaries of your own country (usually €0.00). SEPA is CPTI's preferred method of receiving donations.

Fill out the SEPA form with your own International Bank Account Number (IBAN)—to be found on your bank statements or at your bank—as well as the following information about CPTI's bank account. **The amount of the donation needs to be written in euros (€), no matter what your nation's currency is.**
